

Cybersecurity Summit & Industry Day

Antlers Hotel, Colorado Springs

01.15.2020

Join us for a discussion on the “Cybersecurity Maturity Model Certification” the DoD is instituting next year which will impact many defense industrial base contractors and subcontractors. We will also have a panel of state and national agencies discussing how their efforts will impact the business community. The afternoon will include breakout sessions on local initiatives in workforce development, our smart city initiative, the defense diversification program and a special interactive event for cybersecurity students. Continental breakfast and lunch is included in registration.

GUEST SPEAKER

Dr. Georgianna Shea

(Chief Engineer of The MITRE Corporation’s Defense Acquisition and Policy Dept.)

In her role, she helps develop the strategy and shape the technical work program for the Office of the Secretary of Defense. Dr. Shea will be discussing the new Cybersecurity Maturity Model Certification that many DoD subcontractors will need to comply with in 2020 .
