

# CYBER MOUNTAIN COLORADO SPRINGS

PROTECTING AMERICA'S ACCESS TO SPACE

## **HYBRID** FIRST FRIDAY CYBERSECURITY SOCIAL & MIXER FOR AUGUST!

**JOIN THE COLORADO SPRINGS CYBERSECURITY COMMUNITY FOR  
SOCIALIZING & NETWORKING**

Connect with local cybersecurity professionals for a casual gathering the "First Friday" of every month beginning at 4 p.m. Join cyber peers to share information and learn about the growing cybersecurity ecosystem in Colorado Springs. No cost to attend.

Our August presenters will include Lawrence Wagner, CEO and Founder of Spark Mindset, a local company focused on cybersecurity education using virtual federally approved registered apprenticeship programs to create livable wage careers and provide an innovative workforce solution to the STEM industry. We'll also have Dr. Shawn Murray presenting a case study on the top 5 cybersecurity threats today.

If you are attending virtually, we will have breakout rooms so you can network and socialize with other virtual attendees.

August's Cybersecurity First Friday will be held in-person and on-line using Zoom. The in-person event is limited in space, so sign up early.
